## Make way for the Scion XB A smaller vehicle with big benefits

The Rideshare Company is excited to now offer the Scion XB as part of its turnkey vehicle program.

**E**ver enjoyed that new car feeling? It happens the moment you drive a new set of wheels off a dealership lot. And it usually lasts for weeks and months following. Well at The Rideshare Company, this new car feeling has taken on a totally different meaning. One that can now help a number of organizations do even more for the people they serve.

The Rideshare Company is excited to now offer the Scion XB as part of its turnkey vehicle program. Adding this car is the result of some great feedback from many of the agencies we work with, as well as a lot of hard work and intensive review and test-driving by the people at The Rideshare Company.

*"Oftentimes the agencies we work with only need to transport one or two people," said Greg Levitz, Director of Sales. "The key was to find a car that really suited people's needs well. After months of test-driving different vehicles, we picked the Scion."*

As the newest addition to the mini and full sized vans offered by The Rideshare Company, the Scion XB offers a host of great features that help ensure comfort for passengers. The car has a surprising amount of head, leg and overall body room for passengers. In fact, depending on the size of the passengers, as many as three can comfortably sit in the back seat. Plus, with a unique door and seat design, the Scion XB is quite easy to get in and out of — a helpful benefit for passengers.

*Greg Damato at Key Human Services notes, "We love our new Scion XB. It's very roomy inside, plus we recently discovered that we were able to easily fit a folding wheelchair in the back portion of the vehicle."*

*"The Scion XB is a great car," states Doug Neumann at Seabird Enterprises. "The back seat has all the room you need and can fit three people comfortably... especially compared to other vehicles. We plan on getting more Scions in the future."*

Roominess and comfort aside, one of the best parts about the new Scion XB is that it's now a great new option for those who want to eliminate the headaches and hassles associated with owning and maintaining their own vehicles. To learn more about this great new vehicle option, contact Greg Levitz at [glevitz@rideshare.com](mailto:glevitz@rideshare.com) or 866.560.1500 Ext. 116.

## with The Rideshare Company Vehicle Partnership Program.

It starts with a phone call. Your agency has a fleet of vehicles that are old and ailing...or a fleet that has grown too costly or too complicated to maintain... or one that is simply too small to suit the organization's expanding needs.

The Rideshare Company is a leader in offering convenient, cost-effective and customer-oriented solutions to your transportation needs. Coming on board with The Rideshare Company program is quick, easy and efficient. Here's a look at our simple, hassle-free start-up process.

.....

### ● ONE FEE INCLUDES ALL

Our all-inclusive monthly fee covers all your costs: insurance, gas, maintenance, roadside assistance, and back-up vehicles.

### ● QUICK & EASY REPORTING

Who needs more paperwork? At the end of each month, you send us a brief mileage and expense report, along with a vehicle inspection report... and you're done.

### ● SHORT-TERM COMMITMENT

Business equals change – sometimes at a moments notice. Our month-to-month leasing plans give you the flexibility to respond quickly to the shifting demands of your business.

### ● "CHARGE IT!"

Need gas... a quart of oil... new wipers... a refill of washer fluid? One thing you don't need is cash. We provide you with a credit card... and we pay the bill.

### ● SAFETY-FIRST SERVICE

The safety of your riders is our primary concern. That's why we cover the cost of an 85-point safety inspection every 5,000 miles... plus the maintenance of tires, batteries and brakes.

### ● UNINTERRUPTED SERVICE

We won't leave you stranded when your vehicle needs service. Roadside assistance is available 24/7. A replacement vehicle is delivered to you when your vehicle is in need of repair.

### ● SAFE DRIVER QUALIFICATION

Knowing your employee is behind the wheel is a key component of our campaign to keep riders safe. We carefully research and review the driving record of each of your chosen vehicle drivers ... so you don't have to.

### ● QUICK DELIVERY

We work fast to meet your needs. Depending on the features requested, vehicles can be delivered in as few as three days.

### ● SAVINGS WITH A SMILE

The Rideshare Company wants to save you money. We will work hard to provide you with superior service and incomparable value.
