

Greg Levitz and Greg Damato

## Rideshare's Greg Levitz Receives Annual Key Human Services Award

Director of Sales  
Recognized for his  
Creativity, Compassion  
and Commitment

**M**aking the decision about who would receive the Annual Key Human Services Award this past November was an easy thing to do for the staff at Key Human Services. After all, Greg Levitz, Director of Sales for The Rideshare Company continuously exceeds expectations by not only contributing his time and effort to the organization that provides services to those with developmental disabilities, but also by being a friend to everybody there.

"Greg really stands out as someone we are proud to have a relationship with," commented Greg Damato, Vice President of Community Living Arrangement for Keystone Human Services, the parent company of Key Human Services. "His actions coincide with our values and our mission in supporting the lives of

individuals with developmental disabilities, and his contributions are outstanding." With this, Levitz was an obvious choice to receive the organization's award.

In a dinner ceremony held on November 13 at the Central Connecticut State University Ballroom, Levitz was given the Key Human Services award plaque,

**Greg has made it his business to meet the people we support and understand their needs.**

commemorating his "creativity, compassion and commitment" to Key Human Services.

"The award came as a pleasant surprise for me," commented Levitz, who said he had no idea that the dinner he attended for the organization would entail him receiving such an honor. "Key Human Services are a great group of folks doing a great service,

and we at The Rideshare Company enjoy working with them very much."

According to Damato, Key Human Services started working with The Rideshare Company about two years ago. The Rideshare Company assists the organization by making arrangements for transportation that meets the needs of residents who reside in the eighteen group homes, ranging from Waterbury to Waterford.

"Greg has made it his business to meet the people we support, and understand their needs," remarked Damato. "He has a sense of budgetary situations, and is creative and innovative in terms of our organization being able to afford to meet the needs of those we support. He has gone above and beyond what you would expect to take place in various situations, and really takes an interest in our needs, and the communities' needs. I foresee a long future together."

## COUNTDOWN TO HASSLE-FREE TRANSPORTATION

### 10 ONE FEE INCLUDES ALL

Our all-inclusive monthly fee covers all your costs: insurance, gas, maintenance, roadside assistance, back-up vans, etc. That helps keep your money where it belongs – in your pocket.

### 9 FREQUENT COST ANALYSIS

Our fees are based on an estimate of how many miles a van will travel monthly. To ensure that your “estimate” doesn’t stray far from your “actual,” we compare the two figures quarterly...and pass on any potential savings to you.

### 8 QUICK & EASY REPORTING

Who needs more paperwork? At the end of each month, you send us a brief mileage and expense report, and a vehicle inspection report...and you’re done.

### 7 SHORT-TERM COMMITMENT

Business equals change – sometimes at a moments notice. Our month-to-month leasing plans give you the flexibility to respond quickly to the shifting demands of your business.

### 6 “CHARGE IT!”

Need gas...a quart of oil...new wipers...a refill of washing fluid? One thing you don’t need is cash. We provide you with a credit card...and we pay the bill.

### 5 SAFETY-FIRST SERVICE

The safety of our riders is our primary concern. That’s why we cover the cost of an 85-point safety inspection every 5,000 miles...plus the maintenance of tires, batteries and brakes.

### 4 UNINTERRUPTED SERVICE

We won’t leave you stranded when your van is on the blink – roadside assistance is available 24/7. A replacement van is delivered to your door when your van is in the shop.

### 3 SAFE DRIVER QUALIFICATION

Knowing who is behind the wheel is a key component of our campaign to keep riders safe. We carefully research and review the driving record of each and every van driver...so you don’t have to.

### 2 QUICK DELIVERY

We work fast to meet your needs. Depending on the features requested, vans can be delivered in as few as three days.

### 1 SAVINGS WITH A SMILE

Director of Sales, Greg Levitz, wants The Rideshare Company to save you money. If he can’t, he’ll wish you well with your current transportation program. If he can – and he almost always can – he will work hard to provide you with superior service and incomparable value.
