How to access the SafetySkills Learning Management System

- Approved drivers of The Rideshare Company may login by going to rideshare.inclassnow.com.
- Users will use their driver's license number as their login and create their own password. (You will only receive an email notification if we have an email address on file.)
- Go to the "My Training" tab to access the assigned required training courses.
- Once the driver has completed the training, a certificate can be viewed and printed.

The required training courses for drivers are:

- **Driver Safety** (est. duration: 19 min) – If you drive for work, driving safely and defensively can help you avoid accidents, protecting yourself, your passengers, and the other people on the road.
- **15 or Fewer Passenger Van** (est. duration: 26 min) – Learners who successfully complete this course should be able to identify the hazards of driving passenger vans, identify required practices before driving passenger vans, and identify safe practices while driving passenger vans. This course is presented in both English and Spanish.

You can contact us with any questions you may have at driverapp@rideshare.com or call our Operations team at 800-972-3279 x 216.
